A project of the Greater Texas Foundation and Texas A&M University-Commerce

INTERNET DISCLOSURE

Dear Parent/Guardian,

We are excited about having the opportunity to share four wonderful and academically intense weeks with your child. The Infinity Institute will leave an indelible mark on your child that will not only be beneficial now, but in the future.

We wanted to make certain you were aware that high speed internet connection will be available in every room. Therefore, students will be able to access the Internet at their own discretion. Unlike the public schools, universities do not filter the content. Consequently, your child may have access to questionable sites. We will be monitoring your child's actions on the Internet during labs, but we will not be able to completely monitor activity in the residence hall. **Please understand the University and Project STEEM cannot be held responsible or liable for actions resulting from viewing content on the Internet.**

Be assured, that the safety of your child is important to us, and we will take all possible steps in protecting his/her safety, to the extent that is permissible. If you have any questions regarding this matter, please feel free to contact our offices at 903-886-5355, or speak to one of our staff members today.

Sincerely,

Dr. Kerri O'Connor
Director
Project STEEM
